The little English library coming soon

The Little English Library is a non-profitable project for English & bilingual kids. It is open to all babies, toddlers, children and teens and their families from in and around Breda!

The Little English Library aims to provide a free service and enrich the lives of parents and their little readers with quality English children's books and audio books.

We are delighted that we are moving into the library space of the Montessori School Breda. The library is currently being redesigned and will include a zone for us. And we will be opening in February 2014.

This is great news. This school is opening the doors to all students of all Primary Schools in Breda. They are supporting their English studies by letting us Native Speakers in. And we are excited. We will be running story telling sessions and other fun activities... If you have any books to donate, please contact info@gruenbaumpublishing.com Tatia Gruenbaum, English library founder
